

# Puma Una MP

Two Sizes fit all!

The Puma Una MP delivers comfort and control for the patient with mild to moderate low-back pain. The plush breathable fabric provides the comfort. The rigid Kydex provides the control.

The dual cinch straps allow the brace to be smoothly snugged, even by elderly patients with diminished hand strength.

With just two sizes, Petite and Grande, the Puma Una spinal brace can accurately fit torsos from 30" to 66".

PDAC Approved: L0627/L0642
